	-
About 95 of noucted at Kapuvar were assigned to the ongineer unit in 3 per issued uniforms in the Frigues Barracks. On 1 April 10 per its were transported from there by rail to Mosonnagyar tuck to the engineer training approved.	
ere issued uniforms in the Friends Bannacks on I family a	yoer, where the
i 500	Record practice with small arms was held twice at the targe Mosonmagyarovar, the battalion being temporarily quartered installation on the south side of the road to Level (2 48) garian major general, allegedly Major General Vocroes (finusamp twice. He was accompanied by a Soviet officer from the

The permanent station of this engineer battalion is Typer. The present report also confirms motorized engineer battalions in Komarom and Baja.

Goment. It is known from several previous reports that numerous memiors of older classes, who had been deferred from active service, were inducted for short periods of training in 1951. This program apparently is designed to have all able-bodied men available for the instantaneous mobilization of units in case of war.
